

Have you had experience in the
foster care system?

Are you between the ages of 15 and 25?

Do you want to use your voice
to create change?

JOIN *project Foster Power!*

A group of about eight young people are silhouetted against a bright sunset over the ocean. They are all in various jumping or dancing poses with their arms raised, conveying a sense of joy and unity.

**TOGETHER WE ARE
STRONGER.**

project Foster Power is a group of current and former foster youth, ages 15 to 25+, who are working to improve the foster care system. This is about connecting to one another, using our voices to take action based on our experiences, and most importantly, having fun together.
