

# Connect

*my family* *brother*  
*care* *sister*  
*life-long* *reassure*  
*connection* *hug*

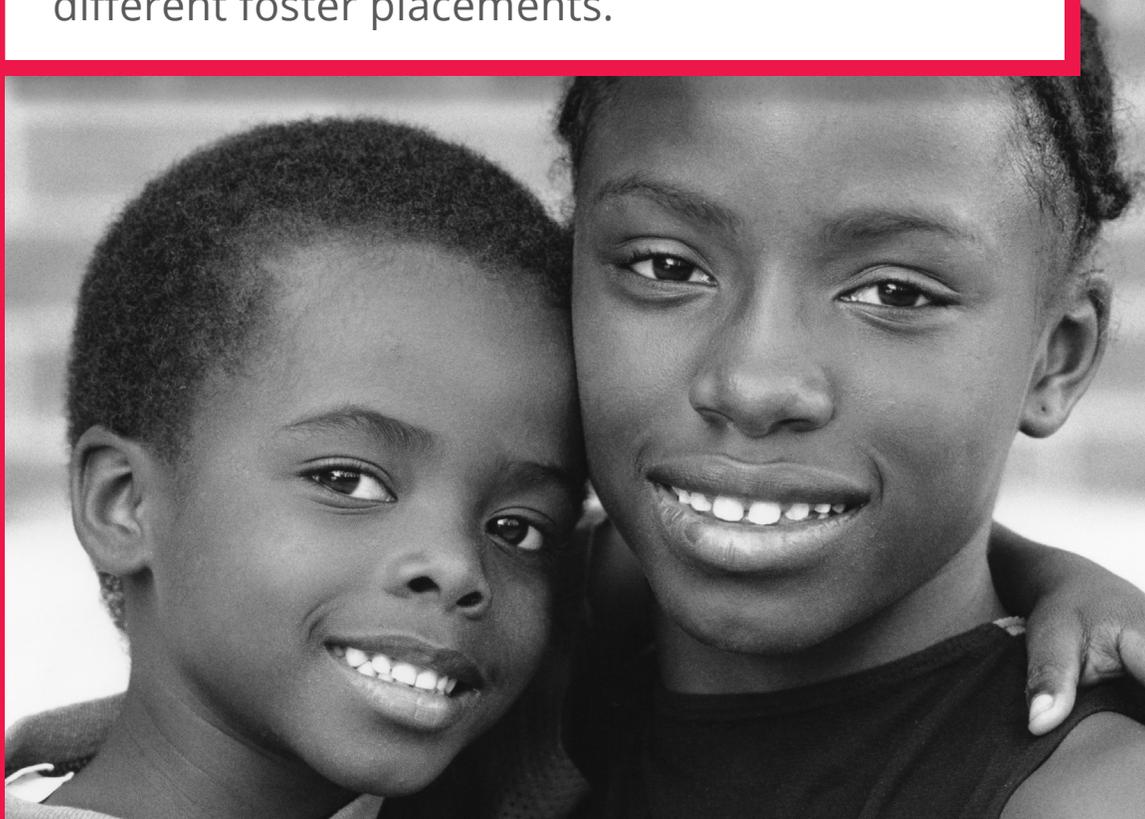

When the case management team believes more sibling contact is needed, Sib-Link orchestrates additional visits at regular, monthly intervals.

Sibling bonds grow. Anxiety related to loss and isolation lowers. Child well-being increases, as the foundation for a life-long connection is laid.

## Sib-Link™

Connect siblings who are in different foster placements.

**Fostering Great Ideas®**  
Change the Life of a Child
