To: All County Human Services Directors

From: Ann Rosales, Director - Division of Child Welfare

Regarding: Provider Rate Change for FY 2018-19 - Implementation Guidance and Provider List Update

Keywords: Provider Rate

Number: IM-CW-2018-0040

### Information Memorandum

The purpose of this memorandum from the Division of Child Welfare (DCW) is to inform county departments of implementation guidance for the change in base anchor rates for providers in FY 2018-19. DCW has also made revisions to the list of providers distributed with IM-CW-2018-0035.

The Department has been fielding these questions since July 1, 2018 and created the attached frequently asked questions (FAQ) document in an effort to provide guidance to county departments regarding the provider rate implementation effective July 1, 2018. The FAQ will be revised periodically and is available on the Department's website at: <http://www.colorado.gov/cdhs/cw/forms> >Child Welfare Forms & Helpful Documents> Finance. In addition to the FAQ, a revision of the list of providers is attached.

Please contact Kelly Sawka, Division of Child Welfare Finance Unit Manager, with any questions at 303-866-4980 or at [kelly.sawka@state.co.us](mailto:kelly.sawka@state.co.us).

**Supersedes:** IM-CW-2018-0031 dated July 16, 2018, and IM-CW-2018-0035 dated July 27, 2018.

**Memo Website:** <https://sites.google.com/a/state.co.us/cdhs-memo-series/home>

**FY 2018-19 Provider Rates Implementation  
Frequently Asked Questions (FAQ)**

- Q1. I see a provider on both the CPA list and the Group Center/Home list. What rate do I use?
- A1. Some CPAs also have Group Centers/Homes. The rate that is listed under the CPA heading is for Foster Home Care providers. If you need the rates for anything other than Foster Home Care Providers, please see the Group Center/Home list. Check the provider number to ensure the correct provider gets billed.
- Q2. What is the rate for respite?
- A2. The respite rate (\$.66 per day) is included in the child maintenance rate of \$36.36 per day. Trails has been updated to reflect \$35.70 per day for child maintenance and \$.66 per day for respite for a total of daily child maintenance rate \$36.36 for Foster Home Care providers.
- Q3. I do not see a provider on the list included on IM 2018-035. What do I do?
- A3. Call Gerri Duran-Wolfe at [gerri.duran-wolfe@state.co.us](mailto:gerri.duran-wolfe@state.co.us) or 303-866-4587 to add the provider in Trails. Please note, the list of providers is a living/dynamic document as there are providers who will begin serving and some who will stop serving. If there is a provider your county would like to utilize who is missing from this list, please call Gerri Duran-Wolfe.
- Q4. Can I pay a provider less than the State base rates?
- A4. No. SB 18-254 directs that a county may not negotiate rates below the base anchor rates established by the State Department.
- Q5. Am I correct that the most recent rate methodology ended on June 30, 2018 and is no longer valid?
- A5. Yes, counties will need to submit a new rate methodology when counties elect to negotiate rates higher than the base anchor rates established by the State Department.
- Q6. We have a high needs child placed in a local foster home. We would like to negotiate a higher rate for his care due to his needs. Does this have to be put out for RFP?
- A6. No. Counties may negotiate above the base anchor rates established by the State Department for individual children/youth without doing an RFP. Providers and Counties may negotiate above the base anchor rate in these cases until a county's rate negotiation plan has been reviewed and approved by the State Department. Current rule [12 CCR 2509-5, 7.406.1.II] allows for this practice and the State Department is beginning the process of making revisions to current rule [12 CCR 2509-5, 7.406.1.II] to align the Code of Colorado Regulations with SB 18-254. SB 18-254 requires counties to use an RFP to allow for adequate private competition and to provide opportunities for competitive negotiations.
- Q7. I have a child placed by a CPA years ago. The rate was negotiated at that time, and I was told that it would be 'grandfathered' in. Is this correct?
- A7. No. The new rates are effective July 1, 2018 and any prior rates are not "grandfathered" in. Counties may negotiate above the base anchor rates established by the State Department for individual children/youth without doing an RFP until a county's rate negotiation plan has been reviewed and approved by the State Department. Current rule [12 CCR 2509-5, 7.406.1.II] allows for this practice and the State Department is beginning the process of making revisions to current rule [12 CCR 2509-5, 7.406.1.II] to align the Code of Colorado Regulations with SB 18-254. SB 18-254 requires counties to use an RFP to allow for adequate private competition and to provide opportunities for competitive negotiations.

Q8. If I have an extremely high needs youth currently in placement. Can I continue to pay the rate I'm paying, which is higher than the State rate? I do not wish to disrupt the placement.

A8. Yes. Providers and counties may negotiate above the base anchor rates established by the State Department for individual children/youth without doing an RFP until a county's rate negotiation plan has been reviewed and approved by the State Department. Current rule [12 CCR 2509-5, 7.406.1.II] allows for this practice and the State Department is beginning the process of making revisions to current rule [12 CCR 2509-5, 7.406.1.II] to align the Code of Colorado Regulations with SB 18-254. SB 18-254 requires counties to use an RFP to allow for adequate private competition and to provide opportunities for competitive negotiations.

Q9. Will the Department hold stakeholder meetings for future rate setting?

A9. Yes, the State Department will begin stakeholder meetings in September 2018.

Q10. If counties and providers agree on a rate lower than the base anchor rate, will this be allowed?

A10. No, SB 18-254 directs that a county may not negotiate rates below the base anchor rates established by the State Department.

Q11. We have providers that are charging MORE than the new State rates. We read something about having to get an RFP if the rates are negotiated? We have a hard enough time finding placements and now if we have to get an RFP we aren't sure how that's going to work. The providers aren't giving much choice or room to negotiate even though they are charging more than the new rates.

A11. Providers may charge more than the base anchor rate as there may be instances where children/youth require extra care and supervision.

Counties may negotiate above the base anchor rates established by the State Department for individual children/youth without doing an RFP until a county's rate negotiation plan has been reviewed and approved by the State Department. Current rule [12 CCR 2509-5, 7.406.1.II] allows for this practice and the State Department is beginning the process of making revisions to current rule [12 CCR 2509-5, 7.406.1.II] to align the Code of Colorado Regulations with SB 18-254. SB 18-254 requires counties to use an RFP to allow for adequate private competition and to provide opportunities for competitive negotiations.

Q12. SB 18-254 directs "counties with approved alternative methodology shall use a request for proposal process to solicit bids from licensed out-of-home placement providers that allows for adequate private competition and provide opportunities for competitive negotiations." What is the process for rate negotiations under SB 18-254?

A12. SB 18-254 directs "counties with approved alternative methodology shall use a request for proposal process to solicit bids from licensed out-of-home placement providers that allows for adequate private competition and provide opportunities for competitive negotiations."

Counties may negotiate above the base anchor rates established by the State Department for individual children/youth without doing an RFP until a county's rate negotiation plan has been reviewed and approved by the State Department. Current rule [12 CCR 2509-5, 7.406.1.II] allows for this practice and the State Department is beginning the process of making revisions to current rule [12 CCR 2509-5, 7.406.1.II] to align the Code of Colorado Regulations with SB 18-254. SB 18-254 requires counties to use an RFP to allow for adequate private competition and to provide opportunities for competitive negotiations. Additionally, SB 18-254 directs that a county may not negotiate rates below the base anchor rates established by the State Department.

Q13. Do you have a sample of an RFP?

A13. Yes, Denver has agreed to share a copy of their RFA. Here is a link to the document. <http://www.denvergov.org/content/denvergov/en/denver-human-services/doing-business-with-dhs/current-bidding-opportunities/2018/out-of-home-placement.html>

- Q14. Is a review of rate methodologies by the Department still required?
- A14. Yes, 26-5-104 C.R.S. states that “by July 1, 2008, and by July 1 of each even-numbered year thereafter, the state department shall complete a review of the methodology by which counties evaluate and negotiate rates, services, and outcomes with licensed out-of-home placement providers.” The form the Department will use to review and approve (or deny) a county’s rate negotiation process was attached to IM-CW- 2018-0035. Here is a link to this document: [IM-CW-2018-0035](#). The due date for this form to be returned, as stated in the Information Memo, is September 1, 2018.
- Q15. Will there be teleconferences scheduled with counties to discuss rate implementation?
- A15. Yes, there are teleconferences scheduled for Wednesday, September 5, 2018 from 2:30 - 4:30 PM and Friday, September 7, 2018 from 9:00 - 11:00 AM. Call in information is: 1-877-820-7831, participant code 636741#. We will continue to add teleconference dates as necessary to discuss rate implementation.
- Q16. What impact does this provider rate increase have on adoption rates?
- A16. The PCG analysis and work did not include costs for adoption subsidies. When the Office of Information Technology (OIT) changed the base anchor rates for family foster care homes in Trails, and counties were using the base anchor rate for subsidized adoption agreements, these rates changed as well. The provider rate increase was not intended for adoption rates.
- Counties will have to make an adjustment in Trails on a case by case basis to any subsidized adoption rate they were paying, through an existing subsidized adoption agreement, which was established on or before June 30, 2018. Counties can identify these subsidized adoption cases through the use of Trails report R466- Case Service Report.
- Counties are encouraged to utilize the state base anchor rate when negotiating adoption assistance for all subsidized adoption agreements established on or after July 1, 2018.
- Q17. Can counties collaborate together to reach an agreement regarding how they will approach negotiating rates above the established base anchor rates?
- A17. The Department believes this is a legal question for counties to discuss with their county attorney’s office.
